

LITTLE LIGHT

Admin Needs

Administrators require a robust, centralized control center to oversee the entire Little Light network. They expect intuitive data visualization for social impact metrics, simplified account moderation for diverse user tiers, and transparent financial auditing for all partnered non-profit organizations.

System Capabilities Infrastructure & Oversight

Module: User Hierarchy Management
Focus: Seamless Coordination

The portal provides dedicated modules to oversee the entire network. Administrators can monitor real-time engagement metrics, manage specialized accounts for Influencers and Employees, and perform comprehensive audits on brand partnerships and cause-based payouts to ensure every interaction translates into tangible support.
